Interreg Europe objective

To improve **regional development policy instruments**
(including Investment for jobs and growth goal programmes)

How?

Through exchange of experience, innovative approaches and capacity building

- Primarily dedicated to **policymakers**
- Focus on **exchange of experience**

Different from cross-border or transnational cooperation

the European Union

What is a policy instrument

A means for **public intervention**:

- a strategy, programme or law
- developed by public authorities
- applied to improve a specific territorial situation

Investment for jobs and growth goal programmes are policy instruments.

Example of a policy instrument

The **Andalusian Climate Action Plan (PAAC)** is the general strategic planning instrument in Andalusia for the fight against climate change. Its mission is to integrate climate change into the regional and local planning.

The PAAC establishes 6 strategic objectives for 2030, 12 sectoral objectives and more than 137 lines of action distributed in 3 Programs: (I) Mitigation and Energy Transition, (II) Adaptation and (III) Communication.

What is a 'policy responsible authority'

- The **organisation in charge** of the elaboration and/or delivery of a specific **policy instrument**
- In most cases, a **public** institution

What is a policy improvement

Our projects report **three types of results:**

- New projects
- Change in governance
- Change in the policy instrument itself

Example of a policy improvement

Partner: Agencia de Desarrollo Económico de La Rioja

Policy Instrument: ERDF ROP La Rioja 2014/2020

Type of improvement: Implementation new projects.

New energy efficiency program for industrial SMEs – **MINUS** - inspired by the German partner's good practice (PIUS programme)
Co-financed through REACT-EU via the ROP of La Rioja.

Programme scope

1 cross-cutting priority on capacity building → six topics

Concentration principle (80%)
