■ 1ª Convocatoria. Total 64 ■ 2ª Convocatoria. Total 66

Examples of 'topics' in the two calls

Innovation and research

- RIS3 - sector/ governance (e.g. P2L2, HIGHER)
- Social innovation (e.g. OSIRIS)

SME competitiveness

- Microfinancing (e.g. ATMforSMEs)
- Internationalisation (e.g. SIE)
- Social enterprises (e.g. SOCIAL-SEEDS)

Example of 'topics' in the two calls

Low-carbon economy

- Energy efficiency in social housing (e.g. Social Green)
- Near zero CO2 emission buildings (e.g. ZERO CO2)

Environment and resource efficiency

- Biodiversity information management (e.g. BID-REX)
- Circular economy (e.g. RETRACE)
- Waste management in heritage cities (e.g. INTHERWASTE)

PGI01366 TITTAN

Network for Technology, Innovation and Translation in Ageing

Priority axis: Innovation and research

Lead Partner: Axencia Galega para a Xestión do Coñecemento en Saude (ACIS), ES

Countries involved: IT, DE, UK, PL, NL

Improving the quality and performance of the European regional healthcare systems in relation with the healthy and active ageing in 3 Thematic Areas: how to uptake innovative health products/services through new public procurement practices (PCP and PPI); how to promote the establishment of innovation ecosystems in the health sector; how to raise citizen's awareness about using new technologies for improving quality of life.

PGI02238 RaiSE

Enhancing social enterprises competitiveness through improved business support policies

Priority axis: SMEs competitiveness

Lead Partner: Catalan Agency for Business Competitiveness (ACCIO), ES

Countries involved: HU, IE, FR, IT, SE, AT

Social enterprise business support policies are still rare and, when available, fragmented among public authorities. This challenge has motivated RaiSE partners to engage in cooperation and interregional exchange to enhance regional SE support policies to foster competitiveness, facilitating access to markets as well as finance and innovation. 6 regions, with an existing SE base but varied policy contexts, unite efforts to tackle the common challenge.

PGI00116 REGIO-MOB

Interregional Learning towards Sustainable Mobility in Europe

Priority axis: Low carbon economy

Lead Partner: Andalusian Institute of Technology, ES

Countries involved: IT, PL, SI, RO, EL, UK

European regions are facing an increasing mobility demand while coping with higher congestion levels. There is a strong need to increase the use of sustainable transport modes, promoting intermodality, technical innovation & the use of cleaner and more efficient systems. Overall objective of REGIO-MOB is to secure Europe's sustainable growth by promoting sustainable mobility in the European regions. Therefore influencing the relevant instruments in each concerned territory, contributing to their improvement & more efficient performance as a result of mutual interregional learning.

PGI00291 SYMBI

Industrial Symbiosis for Regional Sustainable Growth and a Resource Efficient Circular Economy

Priority axis: Environment and resource efficiency

Lead Partner: Fundación FUNDECYT Parque Científico y
Tecnológico de Extremadura, ES

Countries involved: PL, IT, SI, EL, HU, FI

The SYMBI project brings together 9 partners from 7 countries, including 4 management authorities of territorial programmes, to diffuse industrial symbiosis and align regional policies with the circular economy package of the European Commission. SYMBI aims to support the transition towards a resource-efficient economy through the establishment of territorial synergies to manage waste and exchange energy & by-products as secondary raw resources.
