

# Cultural Heritage

The Programme contributes to the safeguarding and conserving of cultural and natural heritage for future generations and to making this heritage publicly accessible. This Programme is implemented by way of one pre-defined project: Centro Federico García Lorca providing the acquisition of equipment and implementing a plan of cultural activities.

## Objectives:

- To safeguard, conserve and promote the cultural heritage of and related to the life and work of Federico García Lorca.
- To increase people's access to this heritage and culture.
- To develop a comprehensive didactic programme for children and to stimulate their access to culture.

## Outcomes:

- New cultural centre Federico García Lorca created in Granada.
- Objects of García Lorca heritage made accessible to the public in the centre.
- New pedagogical programmes developed for children.
- To develop and present cultural activities in Centro Federico García Lorca in Granada.
